Winner of the 2011
**Heavy Duty
Trucking
Best of the Best Award**

With changes due to emission standards and anti-idling regulations, engines are harder to crank and require more starts per day than ever before. Extreme conditions and frequent starts and stops require a starter that is more robust and durable.

The Delco Remy 44MT gear reduction starter addresses all of these issues and more. It delivers with its increased cranking power, durability, and extended life cycle all in a compact, lightweight self-contained design.

FAST. POWERFUL. RELIABLE.

- Delivers high demand torque needed for big bore engines (8.5 kW @ 12 volts)
- The unique, redefined electrical soft start consistently and accurately engages the pinion with the ring gear
- The patented internal magnetic solenoid switch (IMSS) protects from vibration and corrosion caused by environmental factors
- Over crank protection (OCP), a built-in circuit breaker, protects the starter from thermal damage, automatically resetting at a safe operating temperatures

Test Conditions

- Big bore engine
- 0°F (-17.8°C)
- 70% battery state of charge

Results

- Reduced pinion & ring gear wear
- Less overall battery draw

UNMATCHED SERVICE FLEXIBILITY.

- The rotatable nose design provides the ability for part number consolidation, resulting in less inventory
- The new, self-contained, one-wire, overcrank protection design completely eliminates the need for a special wiring harness
- The gear reduction starter design is compact and lightweight for simplified installation

SPECIFICATIONS

Engine Size	up to 16 liter
Rotation	Clockwise
Mounting	SAE #1, SAE #3
Pinion Data	SAE: 11 Tooth, 6-8 Pitch SAE: 12 Tooth, 8-10 Pitch SAE: 12 Tooth, Mod 3-metric
Output	8.5kW peak at 12V
Temperature Rating	120° C / 248° F
Weight	17.7 kg / 39.0 lbs
Overall Length	437 mm / 17.2 inches
Diameter	115 mm / 4.53 inches

COMPETITIVE SIZE & POWER COMPARISON

Starter Model	Overall Length (mm)	Diameter (mm)	Weight (kg)	Power Rating (kW)
Delco Remy 44MT™	437	115	17.7	8.5
Delco Remy 39MT™	417	115	14.7	7.3
