

GENUINE PRODUCTS

Spec it Right: Kenworth

36SI™

- **Output:** 12 Volts 160/165 Amps - 100 Amps at idle
- **Highest output at low RPM:** Manages heavy electrical loads at low RPM preventing premature battery discharge
- **Remote Sense:** Drastically reduce battery charge time
- **Brushless durability:** 13 fewer moving parts than a brush-type alternator, eliminating components that wear out while extending product life
- **Warranty:** 3 years/350,000 miles

36SI OPTION CODE

1812162 (SQ)*

* Special Quote

40SI™

- **Output:**
12 Volts 240 Amps -160 Amps at idle
12 Volts 275 Amps -180 Amps at idle
12 Volts 300 Amps -190 Amps at idle
- **Highest output at low RPM:** Manages heavy electrical loads at idle preventing premature battery discharge
- **Remote Sense:** Drastically reduce battery charge time
- **Brushless durability:** 13 fewer moving parts than a brush-type alternator, eliminating components that wear out while extending product life
- **Longer system life:** Over spec'ing extends life of alternator
- **Efficiency and power density:** Highest combination in its class, providing substantial fuel savings
- **Warranty:** 3 years/350,000 miles

40SI OPTION CODES

240 Amp: 1812430 (SQ)*

275 Amp: 1812440 (SQ)*

300 Amp: 1812450

320 Amp: 1812451

38MT+ OPTION CODE

1832042 (MX 11/13) (SQ)*

* Special Quote

38MT+™

- **Power:** 4.3kW peak at 12V
- **Over Crank Protection:** A built-in circuit breaker, protects the starter from thermal damage, automatically resetting at a safe operating temperature
- **Design refinements** for optimal performance
- **Integral Magnetic Switch (IMS)** reduces voltage drop and ensures the solenoid receives the maximum available voltage in any starting condition.
- **Improved starter pinion engagement:** Redefined electrical soft start reduces wear-and-tear by slowly rotating the pinion until it properly engages into the ring gear before cranking.
- **Warranty:** Integrated OCP model: 3 years/350,000 miles

39MT OPTION CODE

1832039 (Cummins)

39MT™

- **Tested and approved for all MX engines**
- **Over Crank Protection:** A built-in circuit breaker, protects the starter from thermal damage, automatically resetting at a safe operating temperature
- **Design refinements** for optimal performance
- **Improved starter pinion engagement:** Redefined electrical soft start reduces wear-and-tear by slowly rotating the pinion until it properly engages into the ring gear before cranking.
- **Warranty:** 3 years/350,000 miles
